Proof → Revenue → Capability → Repeat

The promise

Bring one legitimate business or high-value offer. Leave with a proof-to-revenue operating model, editable pricing and funnel math, a day-one plan, proof-producing delivery, a Validated Skill capture plan, and a 90-day commercialization agenda.

Flagship Format

Element	Recommended design
Audience	6–18 founders, executives, revenue leaders, operators, reviewers, and strategic partners.
Duration	3 hours private; optional half-day Design Lab or 30-day Proof-to-Revenue Run.
Pre-work	One real offer, buyer, target, capacity constraint, proof burden, and decision deadline.
Delivery mix	35% framing • 40% participant work • 25% decisions and next-step design.
Completion	A commercial objective, offer ladder, funnel, approval map, Mission Contract, Proof Debt, job queue, Docket blueprint, Skill Passport, and Mission 2 test.

Claim boundary

This is not an automatic-profit guarantee, investment product, or claim of achieved AGI/ASI. It is a proof-gated productive-capacity system whose strongest claims must be earned through paid real-world missions, evidence, replay, external review, and measured reuse.
