Open-source proof that AI-agent work can compound

Date: 2026-05-28 Live: <https://montrealai.github.io/skillos/> GitHub: <https://github.com/MontrealAI/skillos>

SkillOS proves the mechanism. Pilot 001 proves the market.

One Line

SkillOS is an open-source proof that AI-agent work can compound.

Loop

Job -> Trace -> Lesson -> Tested Skill -> Better Future Work

What To Open

Pilot 001

50-100 real sales follow-up jobs. Agent drafts. Human approves. Nothing is sent automatically.

Public Boundary

This public archive contains no private customer data, no private commercial terms, no financing materials, no confidential internal strategy, and no sensitive internal arrangements. Current metrics are reference-workflow results, not audited customer results or guarantees of future outcomes.
